

Summary Report of Work Completed on Day 9

I reviewed some online materials on how to file a patent:

☐ **WIPO Patentscope**

- Explored global patent search functionalities, focusing on locating technology patents.

☐ **InPASS (Indian Patent Search System)**

- Used InPASS for Indian-specific patent searches, particularly in software.

☐ **Espacenet (European Patent Office)**

- Accessed European and international patents related to software and meetings.

☐ **Google Patents**

- Utilized Google's patent search for a simplified, global view of software patents.

☐ **Software Patent Search in India**

- Reviewed guidelines on software patentability in India.

☐ **Online Patent Filing in India**

- Explored e-filing resources for potential patent submission.
